

# Writing the *Curriculum Vitae*

What you really need to know right  
now...

# Resume vs. *Curriculum Vitae*

- Length: Short
- Content: All-inclusive summary of skills, experiences, and education
- Purpose: get employment (or interview)
- Length: As long as it needs to be
- Content: Area-specific listing of education and academic background
- Purpose: Detail background and qualifications

# *Curriculum Vitae* (or “CV”)

- Origin is Latin- “course of one’s life”
- Note “vitae” (vee-tie or vee-te) is the plural form; “vita” (vee-tuh) is singular

# Why work on this now?

- Time goes by fast
- Helps you organize important things for your future career (which organizations to join; what is missing)
- Assists in setting goals
- Assists when getting letters of recommendations or applying for other programs/committees

# Important NOTE

- There is not really a “right” way to do a CV.  
However, there are some things that make the viewing easier, make you look more professional, and include things reviewers want to see.
- Your CV may be different than someone else.
  - What’s important is that you keep one up to date.
