Am I eligible to use Filing Fee to submit my thesis/dissertation/capstone project or take the comprehensive exam?

Filing Fee Eligibility
- All students must have been registered the previous academic term.
- All students must have advanced to candidacy at least one quarter prior to the term of filing fee usage.

Note: If a student is unsuccessful in completing all degree requirements during the Filing Fee usage term, s/he cannot use the Filing Fee again. The Filing Fee will not be refunded because the dissertation or thesis was not filed or the capstone not taken or passed.

Revised August 2018
