HOW TO WEAR YOUR CAP and CARRY YOUR HOOD

1. Wear your cap tassel on the left side.

2. Please unbutton your hood in advance.

3. Folded lengthwise, drape the hood over your left arm so the top fold of the hood (the narrowest part) is outside, hanging away from your body. The velvet section and button should be closest to the bend of your arm – not your wrist. (See photo below)

4. Carry your pink reader card in your right hand and hand it to the staff person at the top of the stairs.

5. Hold the hood draped over your arm as you walk onto the stage. Extend your arm to the first hooder so (s)he can take it from you and subsequently hand it to the 2nd hooder.

6. Then take a step or two so that you are in front of the 2nd hooder; turn and face the audience. Your hood will be placed over your head with the satin visible. (Tip: If you are taller than the hooder, please bend your knees slightly so that she or he can get the hood over your head.)
