Plan to pursue a faculty position and support an academic lab?  
Want to learn more about managing a research lab?  
Want to learn how to better manage the risky business of research?

Join two experienced UCLA faculty panelists to learn:

March 21 3:00-4:30 PM  
Reception to follow in the lobby

You must RSVP: www.postdoc.ucla.edu/events/career-development/2071

---

**Panelist 1: Dr. Ichiro Nishimura**

Professor, UCLA School of Dentistry  
Director, The Weintraub Center for Reconstructive Biotechnology

Dr Nishimura received his dental training from Tokyo Dental College (DDS) and Harvard School of Dental Medicine (DMD). His postdoctoral research at Harvard was in cellular and molecular biology. He joined UCLA in 1997 and established the Jane and Jerry Weintraub Center for Reconstructive Biotechnology. He has served as a reviewing consultant for the NIH and NSF, et al. He has received many scientific/academic awards. His current research focuses on the application of biotechnology/nanotechnology on guided wound healing for damaged peripheral nerves and jawbones. He founded the course OB212 Research Management for Young Scientists.

---

**Panelist 2: Dr. Leslie M. Lackman**

Deputy Director Institute for Technology Advancement  
Adjunct Professor, UCLA Mechanical and Aerospace Engineering

Dr. Lackman received his BS and MS degrees in Civil Engineering from the UC Berkeley, and a PhD in Engineering from the University of Southern California. He was Vice President of Advanced Programs at Rockwell and a Vice President and Site Manager for the Boeing Company before he retired and joined UCLA. He is now Deputy Director of The Institute for Technology Advancement (ITA), a leading organization that helps incubate advanced breakthroughs from HSSEAS research labs to industry. He also serves as the Associate Director for Industrial Relations for the NSF Center for Scalable and Integrated NanoManufacturing and the NASA Institute for Cell Mimetic Space Exploration. He teaches the course ENG 200 Program Management.
